

# CHRISTMAS ACTIVITY PACK

## HOW TO MAKE REINDEER HOT CHOCOLATE CONES

Have fun making these reindeer hot chocolate cones as a quick and easy present for friends, family and teachers at Christmas.

Perfect for Christmas Eve... a Christmas movie and a comforting mug of hot chocolate...

**1**

Open up the piping bag and carefully, using a large spoon, place the cocoa inside until about two-thirds full. Try not to let too much cocoa touch the top of the bag.

**2**

Next, add a layer of milk chocolate chips followed by a layer of mini marshmallows on top. Twist the bag to close and seal with an elastic band or ribbon.

**3**

Wrap the pipe cleaner around the top of the bag to secure, then shape the ends into antlers.

**4**

Glue on two googly eyes in the centre and a red pom-pom on the end for the nose. Allow these to dry, then you're ready to give your hot chocolate cones as presents.

### What you will need:

- Small transparent piping bag or sweet cone
- 300g cocoa or drinking chocolate
- 50g milk chocolate chips
- 85g mini white marshmallows
- Small elastic band or ribbon
- Pipe cleaner
- Glue
- Red pom-pom
- Googly eyes

## ENJOY & HAVE FUN THIS CHRISTMAS

## TOP TIP

To make hot chocolate for 4 people, untie the bag and divide the marshmallows and chocolate drops between four mugs. Spoon in the cocoa powder. Heat approximately 1 litre of milk, then slowly mix the warm milk into the cocoa. Top with extra marshmallows.

**Why not customise your hot chocolate cones by adding ribbon and writing a tag for the recipient, if giving as a gift.**

## TOP TIP

Use a hole punch to put a hole at the top of the tag if you want to tie this to your gift with ribbon or string.
